

THE ELEVIDA COLLECTION · EUROPE'S RIVERS

# AmaWaterways

*The Danube · the Rhine, Main & Moselle · the rivers of France · the Douro*

A European fleet of twenty-odd ships carrying between 102 and 196 guests, built around the twin balcony — a full outside balcony and a French balcony in the same stateroom — and a fare that already covers the wine at dinner, the bicycles, the guided hikes and up to eight excursions a day. This is the guide to the ships and the programme rather than to any one sailing: what the fare includes, how the dining and wellness work, what the active programme really offers, and the full deck plans, categories and square footage for every ship.

## A NOTE FROM OUR CEO

*It is with great pride and heartfelt gratitude that I write to you as the new CEO of AmaWaterways.*

*Looking ahead to 2027, I am delighted to invite you to explore the rivers of Europe with us — on thoughtfully designed journeys that immerse our guests in the culture, history and spirit of each destination.*

*At AmaWaterways, river cruising is more than a way to travel; it is a way to connect. Connect to the beautiful landscapes, to the vibrant local cultures and, above all, to the people we meet along the way: from the communities we visit to our incredible crew on board, whose attentiveness and warmth make every sailing truly memorable. Whether gliding along the romantic Danube, discovering the charm of the Seine, or venturing through Portugal's enticing Douro Valley, each itinerary offers a personalized and enriching experience in the heart of Europe.*

*I am honored to build on the legacy of our pioneering founders, Rudi Schreiner, Kristin Karst and the late Jimmy Murphy, whose European heritage, vision and values continue to guide and inspire us.*

*As you explore this brochure, I hope you feel the care and excitement behind these itineraries. We look forward to welcoming you on board and sharing the magic of discovering Europe — one river, one village, one unforgettable experience at a time.*

Warmly,

A handwritten signature in cursive script that reads "Catherine".

Catherine Powell  
CEO

## 1975

Vienna-born student Rudi Schreiner traveled to South America for a journalism assignment on the Amazon. It was here he designed his first ship, a raft that would take him up and down the river during the next 7 months, fueling his passion for exploring the world.

## 2002

Rudi teamed up with co-founders Kristin Karst and Jimmy Murphy to start AmaWaterways.

## 2019

Our extraordinary *AmaMagna*, twice the width of traditional river cruise ships and featuring four unique dining venues, made history with her debut on the Danube River.

# OUR STORY

Proudly celebrating more than 23 years cruising the world’s most legendary rivers through Europe, Asia, Africa and South America, AmaWaterways was founded in 2002 by three families. However, our river cruise story began well before that.

## 2006

Our first custom-built river cruise ship, *AmaDagio*, was christened by Godmother Sheila Murphy, wife of our late Co-Founder, Jimmy Murphy. We also added a complimentary fleet of bicycles on board select ships.

## 2017

Our Wellness Program debuted in Europe with dedicated Wellness Hosts leading classes on board throughout the day.

## 2025

AmaWaterways released a collection of new Specialty River Cruises and pioneered the first luxury cruises on Colombia’s magnificent Magdalena River. We also welcomed Catherine Powell as our new CEO.

# EXPLORE EUROPE'S LEGENDARY RIVERS WITH AMAWATERWAYS

EUROPE'S LEGENDARY RIVERS

Along Europe's legendary waterways, major trade routes were born, generations of timeless traditions and legends were created, and historic capitals were reimagined as modern metropolises. From fascinating art and architecture to sumptuous food and wine, you'll fall in love with everything Europe has to offer.

## DUTCH AND BELGIAN WATERWAYS

Encompassing the land around the Rhine Delta and North Sea, these waterways include countless canals crisscrossing Belgium and the Netherlands.

## THE DANUBE

Europe's second longest river and inspiration for Strauss's famous "Blue Danube" waltz, the Danube passes through 10 countries, four capital cities, charming villages and majestic natural wonders.

## THE RHINE, MAIN AND MOSELLE

Renowned for its castle-laden upper middle valley – a UNESCO World Heritage Site – the Rhine River has two major tributaries. The Moselle flows past dramatic vineyard-clad landscapes and medieval towns, while the Main is home to storybook city centers and the manmade marvel known as the Main-Danube Canal.

## THE SEINE

France's second largest waterway, the Seine flows through the heart of Paris and continues westward through Normandy to the English Channel, capturing the imaginations of poets and painters for centuries.

## THE RHÔNE AND SAÔNE

The Saône has its source in Northern France and meets the Rhône, which rises in the Alps in Lyon. These rivers pass through several wine-producing areas and historic towns, showcasing their prominent role in the development of France.

## THE GARONNE, DORDOGNE AND GIRONDE ESTUARY

In the corner of southwestern France, the Garonne and Dordogne rivers merge together to form the Gironde Estuary that naturally divides the famous Bordeaux region into its Left and Right banks in a region known for its food and wine.

## THE DOURO

The Douro River gives life to the region's Old-World villages and picturesque cities. It is here where cruisers discover the Douro River Valley, the birthplace of Port wine and a UNESCO World Heritage Site.

| ELEVIDA AMENITIES   | Our consortium and preferred partner amenities layered on top of the fare, confirmed to you in writing before anything is held                                                                                                                                                                      |
| THE SOLO QUESTION   | AmaCello, AmaDante, AmaDolce and AmaLyra are built with dedicated single staterooms — 140 square feet with a French balcony on the Cello Deck — rather than charging a supplement on a double. There are only a handful on each ship, so the sailing and the stateroom are worth settling together  |
| THE RIGHT STATEROOM | The twin balcony is the thing Ama is known for, and it is not on every ship or every deck. The difference between it, a single French balcony and a fixed window is the difference between a room you sit out in and a room you look out of. We walk the deck plan with you before recommending one |
| THE WHOLE JOURNEY   | Flights, the nights either side of the ship, private transfers and travel protection, arranged end to end                                                                                                                                                                                           |
| ONE CONTACT         | Before, during and after the voyage you deal with one person who knows your booking, not a call centre                                                                                                                                                                                              |

**Ready when you are.** Tell us roughly when you would like to sail, which part of the world appeals and whether you are travelling on your own or as a couple, and we will come back with the departures that fit and real figures for each.
